Comet Tech enjoyed the JOCO Makerspace tour and mini-Maker Fair hosted by two Makers of the county. These Makers brought their puzzles and games made by the laser engraving machine in the space, and explained to the club the different things one could make using this tool and technology. The club members got to play with various puzzles he made that were in degrees of difficulty. While there, the club had reserved the laser engraver to make a First Aid kit for the club for the Health and Safety Officer to fill. Maker worker, Brian, gave the club a tour of Makerspace and explained the function of each of the machines. The machines included a CNC Router, Laser Engraver, electricity tools, sewing machines, 3-D Printer, computers, and a Sound Room. The tour concluded at the same time the First Aid kit was completely engraved.

Country Hearts Hosts Exchange Meeting with the Stanley Buccaneers

By Karl Burg, Country Hearts 4-H Club Reporter

On March 8th, the Country Hearts 4-H Club hosted its annual exchange meeting by inviting the Stanley Buccaneers. In this event, two clubs come together to not only learn about each other's meeting procedure, but to allow the members to get better acquainted with other 4-Hers in the county. Starting with pledges, role call, and minutes, the clubs alternated between

reports and then the business portion of the meeting. Each member observed how one club may do something differently than the other. Once all the business was over, Country Hearts and the Stanley Buccaneers joined together in a Recreation Activity, an engaging icebreaker involving get-to-know-you games, such as Self-Trivia and 2-Truths-and-1-Lie, that helped every 4-Her make a friend with a member from the visiting club. The meetings were then adjourned, and snacks were served. We had a lot of fun, and each club member came away with either a new friend or perspective.

REPORTER'S CORNER

Dr. Dechant and her assistant, Hannah, hosted a cat clinic today for Comet Tech 4-H Club for Animal Science. The club members visited exam rooms, lab rooms, operating rooms, bereavement room, private rooms and rooms with cat condos and Dr. Dechant pointed out the technology used in her office today and explained the function of her equipment. The club looked at sterilizing equipment called an autoclave, equipment in the OR, a centrifuge where blood work is spun and separates white blood cells and red blood cells, and got to look at blood cells under a microscope. They met four cats, one who was 20 years old and watched as she got an IV. Another cat needed its back claws trimmed as the club observed. The members listened and asked questions about vaccinations, especially rabies. They listened to a cat's heartbeat, and watched blood pressure cuff applied to a cat's tail for a reading and they groomed a cat. Using ultrasound, the members saw the cat's bladder! The club members learned about x-ray technology and advances in veterinary science. There is a lot to learn and absorb about cats! After the tour, the members made cat toys with catnip to take home or donate to a shelter.

Leader Update

2018 Enrollment

4HOnline opened October 2 for families to reenroll current 4-H members and enroll new 4-H members for the 2018 4-H year. We asked that all current 4-H members reenroll by November 1, 2017. Double check with families in your club to make sure that they have reenrolled. If they have not please ask them to reenroll **immediately**. Families are probably missing out on important correspondences from the Extension office if they are not reenrolled, as only the contact information from 2018 enrollments in 4HOnline is being used now.

As a reminder, Kansas 4-H has implemented a \$15 per member program fee. (Adult volunteers and Cloverbuds do not have to pay the fee.) The program fee is paid at the time of enrollment within 4HOnline. Enrollment guides for new and returning families are posted at www.johnson.k-state.edu/4-h/forms-resources/. The website for 4HOnline is <https://ks.4honline.com>.

If you have any questions about enrollment or the program fee please contact your Johnson County 4-H staff.

Tractor Supply Company Paper Clover Fundraising Event

The Spring Paper Clover event will be held at Tractor Supply Company in Olathe April 11-22. A portion of the funds raised will be given directly to the Johnson County 4-H program! 4-H groups can set up a booth, help bag customers' purchases, display animals, or demonstrate projects.

Groups may also have a bake sale or sell hot dogs, for example, as a fundraiser for their club. If your group is interested in helping out with a booth to promote Johnson County 4-H please contact Christin.

Please take some time to visit the Club Leader Resources page at www.johnson.k-state.edu/4-h/project-club-resources/leader-resources.html.

Project Leaders and Volunteers must be Registered Volunteers

This is a reminder that project leaders and volunteers must be Registered Volunteers in order to volunteer for your club. Please help us to make sure everyone volunteering in your club has completed the necessary steps. For more information on the Volunteer Screening process visit www.johnson.k-state.edu/4-h/volunteers/.
