Scholarship requirements:

1. Preference is a Johnson County resident, but all Kansas residents are eligible.
2. Must be at least a second-year student of horticulture at Kansas State University
3. Letters of recommendation from:
 - A. K-State Horticulture faculty member
 - B. Personal reference from non-family member
4. A copy of transcripts, including any Community College credits
5. Submission of completed application
6. Recipient will be selected by application and personal interview (if requested).
7. A check for \$1,500 will be made payable to the student to apply toward tuition, fees and books. Funds will be awarded in August upon receipt of proof of enrollment for fall semester and class grade report from the prior semester. A second check for an additional \$1,500 will be awarded the following January, upon receipt of proof of enrollment for the spring semester and class grade report from the prior semester. Recipient may be required to meet with Extension Master Gardener Advisory Board.

I certify that I qualify for all the above requirements.

APPLICATION QUESTIONS

Name _____

Please answer the following questions as completely as possible (you may retype this form on a new sheet of paper, or complete electronically). Do not exceed 2 pages.

What do you intend to accomplish when you complete your degree in horticulture?

What extra curricular activities have you been involved in?

Why did you choose horticulture as a major?

Having taken some horticulture classes, summarize briefly what you have gained from the courses.

How will your community benefit from your knowledge in horticulture?
